

PetrisWINDS[®] NOW!

PetrisWINDS NOW![™] is your Web-based work environment featuring vendor-neutral on-demand software.

PetrisWINDS NOW! is a Web-based platform offering vendor-neutral, on-demand (ASP/SaaS) applications for the energy industry via the Internet. Simply put, you get all the benefits of using a software application without the costs associated with purchasing, installing, testing, and supporting it.

With the addition of other Petris products, including PetrisWINDS Enterprise, a data management and integration software package, PetrisWINDS NOW! brings together effective integration, data, and application management. This combination creates a "solutions-on-demand" approach for an individual, departmental, or enterprise-wide problem.

PetrisWINDS NOW! offers applications addressing all segments of the oil & gas industry:

Geology, Geophysics & Petrophysics

Reservoir Engineering & Simulation

Drilling Engineering

Completion & Production Engineering

Project Management & Collaboration

Marketing, Regulatory & Financial

Data Management

Refining & Petrochemical

Process & Facilities Engineering

Naval Architecture & Structural Engr.

Public Utility & Electric Co-Op

Knowledge Management

News Service & Information

ALLIANCES
